iTANK ZT1-BA31BP

USB-C Storage for One M.2 SATA Solid State Disk (SSD)

Comes with one USB 3.2 Gen2 Type-C interface, Selectable powered by USB Bus-power or DC input, Disk hot-swappable, Provide USB 3.2 Gen 2 Type-C to C cable and Type-C to A cable

ZT1-BA31BP external USB-C storage is available in three colors, Red ,Black and Gray. It has a stylish outside looking and is suitable to put it next to the Mac and PC. It comes with one USB 3.2 Gen2 Type C interface, can be used for Mac and PC both.
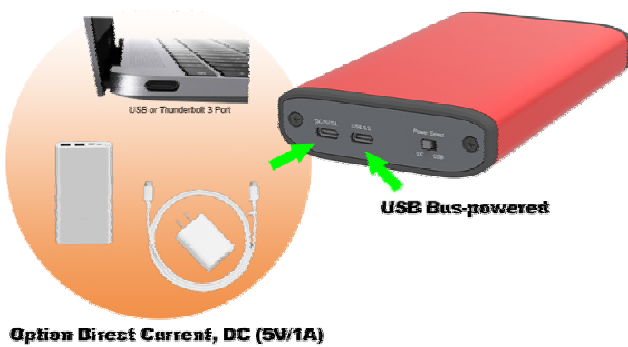

ZT1-BA31BP can accept two kinds of power input, one is from USB bus-power and the other is from DC (Direct Current) input. According to the need, user can choose which power to be used via the select switch at the rear side.

Features

1. Supports PC, Mac and Android mobile phone

2. Supports USB and Thunderbolt™ 3 host interface

3. Selectable powered by USB Bus-power or DC input

4. Supports One M.2 SATA Solid State Disk (SSD)

5. Provide USB 3.2 Type-C to Type-C and Type-C to Type-A cables

6. Plug and play, no driver needed

7. Hot-swappable disk tray with lock

8. LED indicator for disk status display

9. Stylish Design, with Red and Black color

10. Aluminum chassis, faster heat dissipation

Selectable Powered by USB Bus-power and DC (Direct Current input)

ZT1-BA31BP can accept two kinds of power input, one is from USB bus-power and the other is from DC (Direct Current) input. According to the need, user can choose which power to be used via the select switch at the rear side.

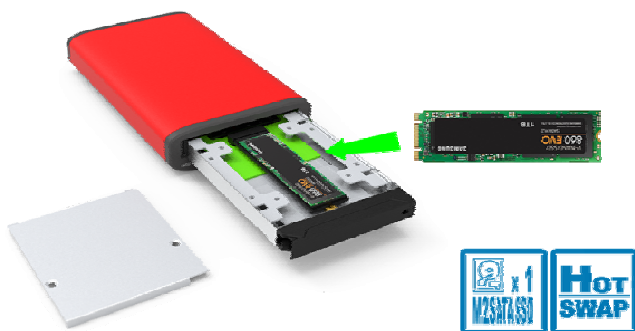

Solid Aluminum Chassis, with High Quality and Faster Heat Dissipation

ZT1-BA31BP has a sturdy and thick aluminum shell design, comes with three colors – Red, Black and Gray. It can withstand greater impact than other plastic chassis products. The aluminum cassis can also quickly dissipate heat even in long-term use, keep the hard drive in normal operation temperature at any time.

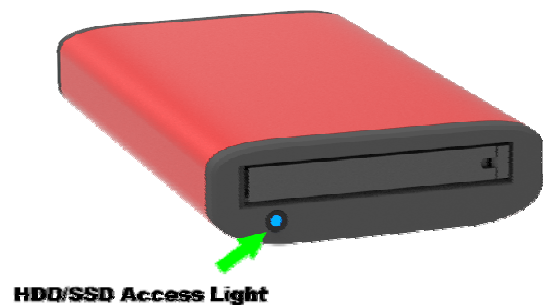

Hot-Swappable Disk Tray with Lock

ZT1-BA31BP is equipped with an easy-to-use hard disk tray module, which can support one M.2 SATA Solid State Disk (SSD) and support disk hot-swap. The tray lock design can help to prevent the disk be removed by accident. Well combination of plug-and-play and hot-swap, ZT1-BA31BP allows user to exchange the disks easily and carry it on the move.

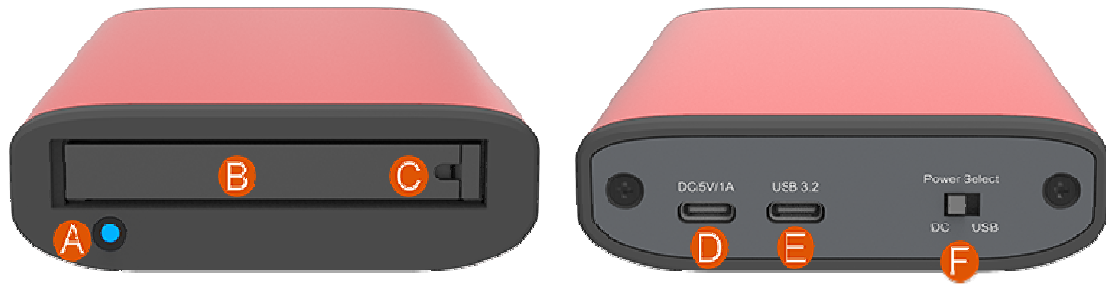

LED Indicator for Disk Status Display

ZT1-BA31BP provides the LED indicator for disk status display. When data accessing, the LED will flash light on, it allows user to understand the data access status quickly.

Product Appearance Description

A. HDD access light
B. HDD tray handle
C. HDD Tray Ejection

D. DC IN 5V/1A
E. USB 3.2 Gen2 Type-C (10Gbps)
F. Power Select (DC/USB)

Interfaces	1 x USB 3.2 Gen2 Type-C (5Gbps) 1 x USB Type-C (for Power Input only)
Compatible Drive	1 x M.2 SATA Solid State Disk (SSD)(Dimension: 2242/2260/2280)
Certification	CE / FCC
RAID Mode	JBOD
Operation System Support	Windows 7 or above, macOS 10.10 or above, Linux, Android
Electrical and Operating Requirements	*Line voltage: 100-240V, AC *Frequency: 50Hz to 60Hz, single phase *Maximum continuous power: 5W (Selectable powered by USB bus-power or DC input) *Operating temperature: 0°to 40°C (32°to 104°F) *Storage temperature: -20°to 47°C (-4°to 116°F) *Relative humidity: 5% to 95%, no condensing
Dimension	Height: 26.95 mm Width: 90 mm Depth: 154.6 mm
Product Code	EAN： UPC：
Carton	10 pcs/carton
Package Accessories	1 x ZT1-BA31BP 1 x USB Type C to Type C cable 1 x USB Type C to Type A cable 1 x Accessory 1 x Quick Installation Guide
