SOHORAID
SR4-SB3

JBOD MODE
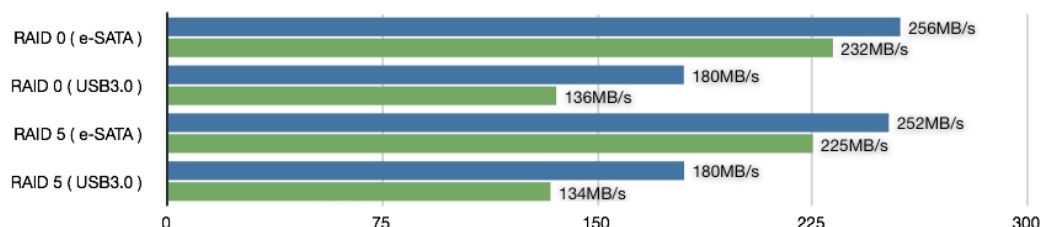

RAID Mode 0

RAID Mode 5

The SOHORAID SR4-SB3 is a four drive storage system with JBOD / RAID 5 / RAID 0 storage option for storing contents in large scales. Industrially designed with aluminum exterior that's built tough and durable for hard drive protection of the highest grade.

A cost-effective hardware RAID solution

The SR4-SB3 is an all in one hardware RAID solution that embeds the JMB394 RAID controller chipset that require no extra parts. It's cost effective because no separate RAID controller is required with everything built into the system.

Two connectivity for Mac & PC

With high-speed 3G e-SATA and USB 3.0 two connectivity, the SR4-SB3 can be used in both Mac & PC environments providing great convenience and flexibility.

RAID 0 (e-SATA)	256MB/s / 232MB/s
RAID 0 (USB3.0)	180MB/s / 136MB/s
RAID 5 (e-SATA)	252MB/s / 225MB/s
RAID 5 (USB3.0)	180MB/s / 134MB/s

Advance USB 3.0 connectivity built-in

The original purpose of the USB (Universal Serial Bus) is most commonly used for computer to communicate with other computer peripherals and electronic devices. But this is now vastly changing with the newest breakthrough USB 3.0 that's ten times faster then the USB 2.0 and six times faster than FireWire 800. With this incredible performance, creative professionals can now be able to handle much more with greater speed and shorter waiting time. USB 3.0 supports plug & play and is downward compatible with USB 1.1 & 2.0.
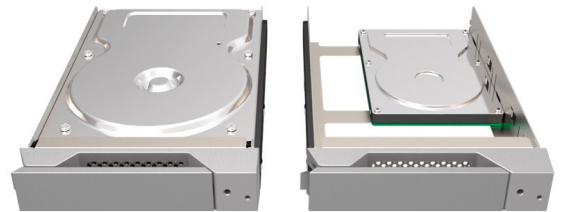

Tough and durable shielding body

Equipped with clear readable LCD display and LED indicators for system monitoring during operation so users can easily grasp the status of the system at all times. Moreover, it comes with visual and audio alarms whenever failure occurs.

Removable tray design

If drive replacement becomes necessary, the SR4-SB3 is modular designed for effortless removal and install of drives. It's also protected by a locking mechanism to secure the drive into place.

Big storage volume for your creative contents. Up to 32TB.

If drive replacement becomes necessary, the SR4-SB3 is modular designed for effortless removal and install of drives. It's also protected by a locking mechanism to secure the drive into place.

User-friendly display

Equipped with clear readable LCD display and LED indicators for system monitoring during operation so users can easily grasp the status of the system at all times. Moreover, it comes with visual and audio alarms whenever failure occurs.

Specification

Model No	SR4-SB3
Interfaces	USB 3.0 Port / e-SATA Port
Compatible Drive	4 x 3.5" /2.5" SATA III HDD/SSD (up to 6 Gbps) / Support large volume up to 8TB
Storage Mode	Independent (JBOD) / RAID 5 protected / RAID 0 high-speed
Operating System Support	Windows 7 or above, OS X 10.10 or above, Linux
Cooling System	8 cm Low noise fan
Electrical and Operating Requirements	* Line voltage: 100-240V AC * Frequency: 50Hz to 60Hz, single phase * Maximum continuous power: 200W * Operating temperature: 50° to 95° F (10° to 35° C) * Storage temperature: -4° to 116° F (-20° to 47° C) * Relative humidity: 5% to 95% noncondensing
Size and Weight	Height: 166 mm Width: 124 mm Depth: 210 mm Weight: 4.6 kg
Product Code	EAN: 4711132864946 UPC: 884826503620
Carton	4 pcs per carton
Package Accessories	* SR4-SB3 x 1 (with removable drive tray enclosed x 4) * USB3.0 Cable x 1 * e-SATA Cable x 1 * AC Power Cable x 1 * Screws & Keys * CD x 1
