

SOHOTANK ST4-B31

Four bays JBOD Storage with Independent Disk Power Switches

Supports USB3.2 Type-C Interface, Disk Hot-swappable and Touch Power button

ST4-B31 is a JBOD external storage that can support four 3.5" or 2.5" SATA Hard Disk (HDD) or Solid State Disk (SSD), and supports USB 3.2 Gen2 Type-C interface, it is an economical efficient JBOD external storage.

The ST4-B31 is designed with the touch button for power for the user friendly. User just need to turn on the main power switch on the backplane and then can power on/off the ST4 with the touch power button at the front panel for ease use at all the times.

It also has the special design on the power-off mode to avoid the users accidentally touch the power and the device shut down immediately. All features make ST4-B31 is not only a more safety product but also has the elegant outlook.

Futures

1. Storage supports four SATA disks
2. USB3.2 Type-C interface, compatible with USB and Thunderbolt™ 3 host
3. Four independent power switches for the disks, can power off disks depend on the need to save the power.
4. USB3.2 Gen2 interface, performance up to 10Gbps
5. Supports Disk Hot-swappable
6. Disk Tray, which supports 3.5" or 2.5" SATA disk
7. Low noise fan
8. Aluminum chassis for high quality and fast heat dissipation

Touch Button Design

The ST4-B31 is designed with the touch button for power for the user friendly. User just need to turn on the main power switch on the backplane and then can power on/off the ST4 with the touch power button at the front panel for ease use at all the times.

Independent Disk Power Switches

ST4-B31 provides the independent power switch for each disk, user can power off one or more disks depend on the need to save the power.

4 hard drive independent power switches

Disk Hot-swappable

ST4-B31 is a 4-bay chassis provides you the big storage capacity and supports any kind of disk capability of 3.5" and 2.5" SATA/SSD HDD products. It is designed with strong aluminum extrusion and chassis provides an excellent protection for your storage disks that you could fully rely on it for professional creative or mobility heavy works.

Support USB Type-C & Thunderbolt™ 3

ST4-B31 can be used with USB and Thunderbolt™ 3 host the transmission performance can be up to 10Gbps . Whether it is used for searching files, editing photos or watching the 4K high resolution videos, ST4-B31 will bring you the extremely enjoyment of video and audio quality.
